I NOSTRI CERTIFICATI MED

OUR MED CERTIFICATES

BLU FLOOR® - Ultralight structural raised floor system (6,2 kg/m²) for yachts – MED certified

BLU PLASTER® - Custom design plaster parts (plasterwork, panels, domes) – MED certified

BLU PAINT® - Liquid and powder painting system – MED certified

I prodotti più interessanti ed alcune lavorazioni di finitura vengono certificati secondo le normative richieste dal mercato. Questo ci permette di essere assolutamente autonomi ed indipendenti dai produttori potendo scegliere ad hoc il fornitore giusto per ogni commessa garantendo tempi di consegna e prezzi molto competitivi.

The most interesting products and some finishing are certified according to market demand. This allows us to be totally autonomous and independent from producers being able to choose the right supplier for each contract ensuring fast delivery and very competitive prices.

BLU COLOR® - 3D sublimation on metal and flat sublimation on pre-coated cold post-formable steel plate – MED certified

BLU BOARD® - C class incombustible board with excellent holding power of the screws, ideal for the construction of walls, floors, ceilings, furniture – MED certified

During the writing of this brochure other RINA tests have already been scheduled to witness the dynamism of our business. We suggest that you contact our sales department for an updated list of Blu Bud certificates.
